5 The contractor will regularly keep himself in close contact with the departmental officers in the circle and ascertain from them the loads they have to take or bring and respond promptly to the despatch instructions that may be issued.

6 The contractor or agent should deliver the materials at the destination intact and any shortage or loss in transit will be debited to the contractor and the cost of such shortages or loss will be deducted in his bills.

7 He should see that materials are taken and delivered after satisfying of its condition at both the ends.

8 He should make arrangements for the protection of the materials in transit and in inclement weather and rain.

9 Transport work will be entrusted only when the departmental lorries are not readily available.

10 The contractor should arrange for the clearance of the waggons as soon as the consignments received through railway are taken delivery by the departmental officers or concerned taluk Multipurpose Co-operative Societies. The shortage or loss in railway transit will be recorded in the railway delivery book as usual by the departmental officers.

11 The contractor will be held responsible for the demurrage charges, etc., incurred due to his delay in clearing the consignments or removing them from the station yard to the respective places as instructed by the departmental officers.

12 While booking the articles also, the contractor should arrange for the loading of the materials as speedily as possible to the waggons when called upon by the departmental officers.

13 In case the departmental lorries are used for transport purposes, the contractor should arrange for the loading and unloading of the articles to the lorries at both the ends.

14 The rates for transport of seeds, manures and implements quoted must be per mile per ton (2,240 lbs.)

15 In the event of the load falling short of one ton pro-rate will be paid.

16 In the event of the failure on the part of the contractor to transport the materials within the stipulated period after issue of despatch instructions, the articles will be moved through any other conveyance available and any extra charges that may be paid over the contract rate will be recovered from the contr ctor.

17 The contractor should maintain a log book of the transactions wherein the signatures of both the consignor and the consignee will sign. The bills preferred will be based on the entries in this book, and are subject to verification with the books of the departments.

18 Payment of the transport and incidental charges will be made only on preaudited bills.

GOVERNMENT OF MYSORE—ELECTRICAL DEPARTMENT.

OFFICE OF THE SUPERINTENDENT, POWER AND LIGHTING, BHADRAVATI.

Notification dated 23th March 1952.

Sealed tenders, in triplicate, superscribed as "Tenders for installing electric lights to Adikarnataka Hostel, Shimoga," will be received in the Office of the Superintendent, Power and Lighting, Bhadravati up to 4 P.M. on 25th April 1952.

The intending tenderers are requested to apply to this office for copies of details of specification. Detailed sketch and plan may be seen at the Office of the Superintendent, Power and Lighting, Bhadravati, on working days between 11 A.M. and 5 P.M.

The earnest money required along with the tender is Rs. 100(Rupees one hundred only) and a further sum equal to 5 per cent of the estimated amount will have to be deposited by the successful tenderer on acceptance of the tender. The abovementioned amounts should be deposited in cash.

Specific rate should be given for each item in the schedule and rates should be noted both in words and figures.

The tendered rate should be for work to be done as per standard specifications approved by the Department and for using the best quality of materials. If new items of work not provided for in the estimate are to be carried out while executing the work, the rate to be paid for such items will be as per departmental schedule rate calculated on the basis of materials and labour cost.

The tenderers shall not make any request to treat the arrears of amount due to them by the Government as earnest money.

The work should be completed in all respects within a month from the date of acceptance of tender.

The quantities as estimated are only approximate and are liable to alterations, omissions, deductions or additions at the discretion of the undersigned. The tendered rates will hold good for any quantity whether higher or lower than those estimated for.

The right of rejection of any or all the tenders without assigning any reason therefor, rests with the undersigned.

Within eight days of the acceptance of the tender, the successful tenderer will be required to execute the agreement in the departmental schedule contract form for the due fulfilment of the contract.

G. SAMBASIVIAH,
18 *Supdt.*
